

10th March 2021

Dear families,

I hope you're well.

I am writing to inform you that a student in Year 10 has tested positive for Covid-19 during our programme of rapid lateral flow testing. We have identified the students who have been in close contact and asked them to self-isolate for ten days, in line with government guidance.

Please note - if we have not been in touch with you, this means your child is not in this group.

We appreciate this may cause some concern, however, please be reassured that this means our testing system is working. The safety of our children, families, colleagues and wider community remains our top priority.

We are working closely with Public Health Norfolk and following their advice.

It is safe for your child to remain at school, as usual.

If you have any questions, please contact the school office on 01493 842061.

Best wishes

Mr K Blakey
Principal
